

MEAT AND FLOUR OFF FREE LIST

LIVESTOCK MEN MAKE PROTEST

Washington, June 2.—Meats and flour will not go on the free list in the Democratic tariff law. If recommendations of the senate finance subcommittee, in charge of the agricultural schedule, is accepted, this important alteration of the Underwood bill as it passed the house, was determined upon today by the subcommittee, composed of Senators Williams, Shively and Gore. It was decided, in substance, that the duty to put on the free list the Underwood bill by levying raw materials and their products, that it would be wiser to levy nominal duties on meats and flour products than to put livestock and grain on the free list.

sub-committee took from the free list fresh mutton, lamb, mutton and pork, and made them dutiable at ten per cent ad valorem.

Wheat flour was restored to the dutiable list at the specific rate of 45 cents a barrel, with other wheat products at 10 per cent ad valorem and the Underwood duty on oats was reduced from 10 cents per bushel to 6 cents per bushel, with a compensatory duty on oatmeal, said to be approximately 5 per cent ad valorem.

Rate Not Determined.

This rate on oatmeal was not definitely determined, but it is asserted that the recommendation will be to take oatmeal from the free list. Cattle, sheep and hogs will be left as they are in the proposed bill, dutiable at 10 per cent ad valorem, and the Underwood duty of ten cents a bushel on wheat will stand.

These recommendations will be made

to the finance committee late this week or early next week, and the senators who propose the change believe it will have the approval of the majority members and also of the Democratic caucus.

Soon after the passage of the Underwood bill by the house, there were many protests against differentiating between raw materials and their products.

Several weeks ago the committee determined to equalize the rates one way or another and a few days ago President Wilson was consulted about the matter by Senator Simmons, chairman of the finance committee, and Senator Williams.

Another development today was the approval without change of the sugar schedule as it passed the house, and other schedules advanced to varying stages of completion in the sub-committees. It also was announced by Senator Shively that, in his opinion, the tariff bill as it goes to the senate committee will be a lower bill in the aggregate than the Underwood

A protest filed today by the American Livestock association says in part:

"The result of free admission of meats from other surplus countries

COTTON GOES UPWARD

ADVANCE CAUSED BY GOVERNMENT'S FIRST REPORT OF SEASON.

New York Local Bears Are Moderate Sellers During the Last Hours.

New York, June 2.—The government's first cotton report of the season caused a sharp advance in the market and the close was steady at a net gain of from 1 to 2 points.

The market opened steady at a decline of 1 to 1 1/2 points on the old crop and 1 to 2 points on new crop positions, owing to lower cotton, good weather over the holidays and favorable weather forecast.

New crop positions sold about 1 to 2 points net lower shortly after the call, with both October and December contracts breaking through the 11 cent level for the first time since early last month.

There was enough scattered selling by recent sellers to check the decline around this level and rallies of 1 to 2 points occurred from the lowest, but the talk around the ring was generally bearish, owing to expectations that the government report would show a condition well over the ten-year average and to a feeling that the crop outlook had improved since the government data was obtained, as a result of favorable growing conditions.

The report, however, made the condition of the crop only 75.1, comparing with 75.5 last year, 77.3 in 1911, and the ten-year average of 75.1. The private reports published last week had averaged over 82 per cent and the official figures consequently came as a shock to the market.

Immediately after their publication covering became active and prices were soon selling 1 to 1 1/2 points above the closing figures of last Thursday.

July called from 11.55, the low point of the morning, to 11.55, while October advanced from 10.55 to 11.10, or within 1 point of the recent high level.

Speculation checked the advance around this level and the market ended 1 to 2 points from the best during the later trading, with local bears moderate sellers in the last hours on the assumption that the bullish government report had failed to create any interest on the long side.

New Orleans, June 2.—Cotton made a moderate advance today on the first condition report of the season. The market was 75.1 per cent of the normal, with no more or less than a surplus in some of the best cotton, but no surplus in the rest. Market, however, and private estimates pointed to 65 or 66 as the average of the season of what the figures would be. Following the report the market rose 15@16 points. No great volume of business was done. The ring would have been more active, but for the fact that tomorrow is a holiday.

The opening was steady and prices were 4 to 5 points from the previous close, but extremely favorable weather conditions in the early trading the market went to a net decline of 1 to 1 1/2 points.

At 11 o'clock, when the business figures were issued, the trading months were 3@4 points under Friday's last quotations. At the highest after the report they were 10 points over. The close was steady at a net advance of 1 to 2 points. The weather report was dry and warm and it caused some little selling together with reports from the belt that crop was growing fast under favorable conditions. The rise in temperatures removed the one cause of complaint concerning crop conditions.

Bears claimed that the crop has made great improvement since May 25, the date to which condition figures were carried.

New Orleans, June 2.—Cotton futures closed steady at a net advance of 1 to 2 points.

SHARP DROP IN WHEAT

SLUMP IS CAUSED BY RAINS IN WESTERN KANSAS AND OKLAHOMA.

Market Closes Weak—Corn and Oats Also Are a Shade Down.

Chicago, June 2.—Wheat today declined sharply, chiefly because of rains in Western Kansas and parts of Oklahoma. The market closed weak at a net loss of 1 1/2@1 3/4c. Last week prices for corn were a shade to 1 1/2c up. Provisions were 1/2c lower to an uptick of 7/8c.

Although the rains southwest did not appear to have been general the effect on the wheat pit was instantaneous and decisive. The trade had been prepared for an exciting bull market but there was a rush of longs to the selling side and prices gave way.

Main in the Red river valley also was reported. Rumors of export sales did not develop any rallying powers and rumors of a big decrease in the visible supply proved equally without effect.

Corn was upheld by a fair amount of commission buying. Rural offerings were rather meagre and shipping demands good. Unfavorable crop prospects had a steady effect on oats.

Resting orders to buy at a decline rallied the provision market. At first, however, the list was under pressure on account of the heavy run of hogs.

STOCK PRICES BREAK

LEADERS DROP TO THE LOWEST MARK RECORDED SINCE 1908.

Price Situation Creates an Unpleasant Impression Abroad.

New York, June 2.—Heavy pressure was directed against stocks today and on an increased volume of business prices in many instances broke several points.

Canadian Pacific, the exceptionally weak feature fell 13 points, a loss within a week of 23 points. Union Pacific declined 4%; Reading 3%; Amalgamated 2%, and other standard issues 1 to 2 points. More than 30 stocks, of which Atchafalpa, Canadian Pacific, Pennsylvania and Union Pacific are most prominent, broke to the lowest point reached this year. The average price of active stocks fell to the lowest since 1909.

The action of the market was determined largely by the attitude of foreign holders of Americans.

The unpleasant impression made abroad, particularly in France, by the St. Louis and San Francisco, led to the slump in Americans in London during the holiday period here, in which Canadian Pacific broke nine points.

When trading was resumed here London came into the market as a heavy seller, not only of Canadian Pacific but Union Pacific, Steel and Amalgamated and other stocks.

Sales for London account amounting to 30,000 were instrumental in forcing off prices at the outset.

The weakness was accentuated by bear selling here and by insistent pressure against Union Pacific, due to disapproval over the latest plans for dissolution of the Harriman system.

Reading also was under pressure, but Southern Pacific was relatively firm.

There was evidence of liquidation among the standard stocks and the undertone was feverish and unsettled conditions.

Declines were shown in the fortnightly report of European copper stocks which are 2,500 tons lower than at the middle of May, and 12,000 lower than a year ago.

Exports of copper for May showed an increase of more than 5,000 tons. Bond market showed weakness in spots with the general movement downward. Total sales, par value, \$1,000,000.

United States bonds unchanged on call.

AMONG WHOLESALE

FIRST WATERMELONS OF THE SEASON HAVE MADE THEIR APPEARANCE.

Bring 3c and Are Readily Taken. Local Gardens Are Out of Commission.

With the mercury tickling the thermometer around the 100 mark, the average wholesaler yesterday was content to sit under an electric fan and "let George do it" so far as business was concerned.

About the only really busy people were the cold drink and ice cream manufacturers; they report a rushing business.

Turner-Coffield Co., always wide-awake, presented the first shipment of watermelons and disposed of them at 3c a pound without trying.

This firm also received a mixed car load yesterday of vegetables consisting of cucumbers, squashes, tomatoes, peppers and cantaloupes from Rockport, Texas.

So far, farmers are not complaining of lack of rain, but are beginning to feel a little uneasy lest the present dry and hot weather should last too long.

Corn and cotton are both said to be in fine shape.

Local gardens are out of commission.

Among the out-of-town merchants visiting the various wholesale concerns of the city yesterday may be mentioned:

C. H. Cox & Co.—I. E. Lyon of Elm Mott.

Waco Drug Co.—F. E. Wood of Lorena.

Behrens Drug Co.—E. L. Garrett of Brath.

Taylor-Hanna-Jones Co.—Messrs. Walker and Westbrook of Laguna and W. M. Mitchum of Phillips & Barfield at Waco.

- 15—Four-room house on Earl street, \$1400; will take trade. Easy.
- 16—The best bargain in North Waco is that large 1 1/2 story house, not far from old C. U. for \$3000 good corner lot. This price for only a few days.
- 17—Who wants a large suburban home, grounds just across the city limits line, only a few blocks from car line and from a \$20,000 school building. We have \$4000 price for a few days, will only take small amount of money to handle and will take some trade. Get busy if you want to make a big deal.

See us for anything in the real estate line. We want you to make our office your headquarters and to let us handle your real estate deals. **BURLERSON REAL ESTATE CO.** Room 2, Provident Building, New Phone 2420.

FOR SALE—65 acres of black, waxy land, 55 acres in cultivation, good house, barn and well; only five miles from Waco; price \$125 per acre. T. E. Haney & Co., 304 Amicable Bldg.

A REAL BARGAIN on Provident Heights. This is a home that will appeal to anyone who can appreciate value.

Five large rooms, swell mantel, bath, connecting two bedrooms; summer dining room, 16x20; sleeping porch; house is story-and-a-half plan; space floored upstairs would make three large rooms; wide hallway; house is painted; high ceilings; large closets; artesian water, gas and sewerage; southwest corner 21st and Parrott; one block to car; was built for home, but there is good reason now for selling. Call sell house and one lot or house and three lots. Certainly you will overlook the best proposition on the hill if you fail to see this. A price will be made to please you. Call for owner at home or phone 365 new or 694 old.

R. A. MCKINNEY, Exclusive, 514 Amicable.

SPECIAL BARGAIN—New, soundly-built cottage, 1 1/2 blocks from Sanger Ave. car, all conveniences; sidewalk, trees, etc. Place well worth \$250, but will cut price sharply for prompt sale; \$250 cash will handle; balance easy. This is someone's bargain. Make me an offer. George V. Rotan, 308 Amicable.

COKE, HORNE AND CO., real estate and general insurance, 601 Amicable Bldg., New phone 1215.

TWO STORY house on south side, 5 rooms, price \$2,750. Take some trade. Ben F. Dancer & Co.

For Sale—Real Estate.

WE advise U—

1—TO BUY WACO PROPERTY.

2—To investigate closely both property and agent offering to sell same.

It will cost you nothing to remember and act on this advice. It may cost you heavily to forget it.

Say, Mr. Investor, or Home Seeker, if a proposition is put up to you, and you forget or neglect it, and some other person buys and makes a nice profit, haven't you practically lost that profit?

If you buy and find out later that there is some serious drawback to the property, which the agent "forgot" to mention, aren't you the loser? Think these things over before you buy.

We solicit your business on a merit basis, and would rather not deal with you than to sell you an "elephant".

We give strict attention to anything that will in any way detract from the value of the property offered for sale, and give our clients the full benefit of our knowledge.

"We may both lose if you don't trade with us."

Philadelphia, June 3.—Philadelphia rolled up a five run lead in the first inning of the game with Brooklyn today and won easily, the final score being 6 to 2. Two passes by Ragon in the first inning were followed by Wagner's sacrifice and Magee's home run. Cravath's single and Ludrus' triple, netting four runs. Wagner then took Ragon's place and Ludrus scored by working the "squeeze play" with Doohan.

Philadelphia 3-4, Washington 4-3. Washington, June 3.—Philadelphia won both games of today's double header with Washington 5 to 4 and 4 to 2. The visitors batted hard in both games, driving Mullin and Bochling from the box. Walter Johnson suffered his second consecutive defeat in the second game in which Baker scored the first run for his team with a home run.

Score—First game— R. H. E. Philadelphia 6 0 0 0 0 2 6 0 Brooklyn 2 0 0 0 0 1 1 1 Ragon, Wagner and O. Miller, Kravath, Doohan and Killifer.

TO TRADE COOD FOR CHASE

Tigres Need First Baseman and Cobb Has Bad Effect on Players.

Chicago Owns Chase.

Chicago, June 3.—The Evening Post today printed an interview with an unnamed man "closely identified with American league affairs," in which the statement is made that the Detroit and Chicago clubs are arranging a trade involving Ty Cobb and Hal Chase. Confirmation of the report was lacking here and in Detroit.

Nothing in It," Says Navin.

Detroit, June 3.—"Absolutely nothing in it," said Frank J. Navin, president of the Detroit American League club, when he learned this afternoon of the Chicago rumor concerning a trade involving Ty Cobb and Hal Chase.

The idea of such a trade is so silly that there is no use discussing it," Mr. Navin added that he is not considering any other trade with the Chicago club at present.

The Chicago team got Chase from New York yesterday by exchanging First Baseman Borion and Utility infielder Zeller for him.

"Nothing in It," Says Navin.

SANGER DROPS FIRST SAY LEIDY LAYS DOWN

HALL CYCLE COMPANY STARTS SECOND SERIES BY WINNING.

Close Game at Baylor Field—Good Interest in City League—Teams Strengthen.

Claim That Citizens Advanced \$3,000 to Guarantee Club and Manager Has No Right to Sell.

A fast City League game was played yesterday on the Baylor grounds, resulting in a victory for the Hall Cycle company. It was a very new game from start to finish, both teams playing good ball and hitting well. Only fast fielding kept men off of the bases, the Hall Cycle company featuring an excellent game and gave up only five runs. Nathan pitched good ball but was unlucky in the respect that nearly all the hits garnered off his delivery were for extra bases. Seacow Shear caught big league ball for Sanger Bros., after Prestwood, the regular catcher, was injured by a foul ball. Each team had a busy signing men in an effort to win the second series in order to take on the Cotton Palace team for the championship series, which will be played after the close of the second half.

The final score was 5 to 4.

Batteries for yesterday's game: Hall Cycle Co., Bagby and Hays; Sanger Bros., Nathan, Prestwood and Shear.

CHANCE PLANS CHANGES.

Pitcher Caldwell Will Be Sent to Outfield—Borton and Zeller Join Club.

New York, June 2.—Still further changes in the lineup of the New York Americans are being planned by Manager Frank Chance. The deal announced yesterday whereby Borton and Zeller, the Chicago infielders, join the Yankees today in exchange for the veteran Hal Chase, and the recent engagement of Peckinpaugh of Cleveland for shortstop are believed by Chance to have gone far toward strengthening the infield.

"Another deal will be pulled off in a few days that will help us further," said Chance. "Caldwell will not be able to pitch any more, I fear, and I intend to make an outfielder of him. He is a natural hitter and is very fast on the bases. His arm will permit him playing the outfield and making long throws, but will not stand the strain in the box. Gosselt looks like a great young catcher and he will get plenty of work. If our pitchers round into form I feel sure that the team will do some climbing during our coming series at home."

While in Washington next week, where he goes as a delegate from the state federation to attend the convention June 9 of the sheet metal contractors, W. C. Torbett of Waco will extend a personal invitation to Samuel Gompers, president of the American Federation of Labor, to attend the Cotton Palace in the fall and speak at Cotton Palace labor day.

Many of the union men in Waco believe that Gompers will accept the invitation.

New Superintendent Assumed Control of Road Office Monday

R. J. Windrow, recently appointed county road superintendent, assumed the duties of his office yesterday. Immediately after taking charge, he announced the appointment of R. E. Schiller as assistant. Mr. Schiller is a graduate of the Agricultural and Mechanical college of Texas. He completed the course in that college in 1904, graduating with the degree of Bachelor of Science in civil engineering and in 1908 he graduated from the same college with the degree of civil engineer. Since that time he has been in the government service as United States engineer at Vicksburg, Miss., on Mississippi river work. Mr. Windrow is a graduate from the same college, and was for a time employed in the engineering work of the government at Vicksburg. Offices for the new superintendent have been established on the third floor of the courthouse, in the southwest corner. Furniture and the necessary equipment were installed yesterday. The first work of the road superintendent will begin Wednesday, when, in company with one of the county commissioners, he goes to inspect a bridge which spans the Middle Roquette near Crawford. This structure has never been satisfactory, and at a recent meeting of the commission the request was made by users of the bridge that it be repaired. One end of the structure is to be raised about four feet above level.

NOTICE

Since returning to Waco I have opened my law office on the 16th floor of the Amicable building. J. E. Yantis.

A New Jersey woman has invented a new pan with a removable lid, hinged across the center and provided with a vent that can be opened as much as desired to permit steam to escape.

Notaries Flock to the Court House for Their Commissions

For a half dozen hours yesterday morning the county clerk's office resembled a busy beehive. Applicants for notary public commissions swarmed in the office and kept a force of three men busy checking up and preparing the necessary papers. Approximately 300 notaries were qualified on the first legal day on which commissions can be issued. This number is not half of those who were approved by the legislature. That body passed favorably upon approximately 300 applications for notary appointment in McLennan county.

Under the interpretation placed on the law by County Clerk J. W. Baker, the first legal day of the month of June is the only day on which notaries can qualify, provided they are not absent from their place of residence on that day. In event they are absent, ten days is allowed in which they may qualify.

McLennan county would-be notaries seem to try to observe the interpretation of the clerk, and they flocked to his office in search of notary authority.

Bond in the sum of \$1,000 each was required of the applicants, and a fee of \$2.50 is charged.

COWAN LODGE ELEGTS.

Board of Officers for Term Chosen Last Night. The following officers were elected at the meeting last night of Cowan Lodge No. 77, Knights of Pythias: P. B. Taylor, chancellor commander; T. D. Willis, vice chancellor; G. W. Scanlan, prelate; G. H. Sanger, master at arms; F. A. Giddens, inner guard; G. D. Frude, outer guard; A. H. Gans, master of work; J. Johnson, D. G. C.

Little Objection Offered Elm Double Tracking

While Carl Herbst Will Go, Many Think Additional Service Needed—Few Favor First Franchise. East Waco Merchants Give Views.

The general feeling among the merchants in East Waco who will be affected by the double tracking of the street car line from Archer to Dallas on Elm street, is that the added service which the company will be able to give will make up for the inconvenience arising from the narrowing of the street by two tracks.

Century Carb Market. It is the opinion of most of the merchants that street cars on Elm will drive much of the country trade out of East Waco on account of the people not being able to stop their wagons and dispose of their products and purchase supplies, as has heretofore been customary.

Interurban Needed. M. E. Williams, of Williams & Forman, druggists, thinks the double track will cause no congestion of traffic but just the reverse.

The interurban cars must have through service. With a single line along even a part of Elm to accommodate the local and through cars there would undoubtedly result in too much switching and backing to allow the interurban the right of way.

"With two tracks, one for incoming and one for outgoing cars, vehicles will have less trouble. The traffic ordinance will then apply and the cars will have to regulate their speed according to the convenience of the vehicles when the street is crowded. Drivers will not be the least bit out for cars from the front as well as the rear. We feel that the cars on Dallas street will help East Waco much more than on Archer," he said.

Favors First Franchise. R. G. Wright & Sons think the company should hold to the agreement of the first franchise.

Pink Wright said: "The street is too narrow for two tracks. Farmers will not stop here as they have formerly done. The block between Archer and Dallas is one of the best in the city. It is the heart of the city. It is the place where the business is done. The street between the bridge and Archer would suffer from the two tracks held according to the first franchise, but it should not be allowed to crowd Elm street any more than it is."

absolutely necessary. Archer is the first cross street that is planned for the cars to run on. They should use this street and relieve Elm of as much double tracking as is possible; however we do not want to stand in the way of anything that will benefit East Waco as a whole.

Before Original Plans. "We have had our eyes on the building of our wagon on Elm street, but we have already made plans to reconstruct our building as we can load at the side. It is only on account of the driving of business on the street that we make any objection to the change. The money for the street car proposition was raised on the understanding that Archer street would be used, and we feel the original plan should be adhered to."

Waco Double Tracking. F. Morris, a city goods merchant, said: "I believe that while Elm street is narrow, the double track will add to the service and should be put in. The cars on Elm street will drive some country trade away, but the double track will be no worse than the single."

Does Not Object. L. T. Parker, owner of the Parker garage, is of the opinion that the crowding of the double track to Dallas street will be of great benefit to East Waco as a whole.

Parker said: "Archer street is not the proper street for the car line. More people will be served by running it on Dallas street. I do not think the two tracks of Elm will hurt business materially."

These businesses are the ones that will be directly affected by the extension.

Business Section—Improve Customer. Albert North, in front of whose shop the two tracks will be run, said: "The farmers will not stop on Elm street to market as they have done after the cars are in operation. East Waco is a market place for the country. The cars will not hurt the street more than a single line. East Waco must have the cars. They benefit the section as a whole, but the business on Elm will be injured."

Thirty Will Stand Week-End Exams For Certificates

Thirty teachers in McLennan county schools are expected to take the examination for state teachers' certificates to be held June 5, 6 and 7. The examination will be given in the office of County Superintendent Abbott at the court house. Two members of the county board will assist him in the work.

The subjects in which examination will be required and the schedule is filed by the state superintendent's office at Austin.

Schedule and Scope. The subjects in which examination will be required are: History of education, physical development, English and American literature.

Thursday, June 3, Psychology, chemistry, plane trigonometry.

Friday, June 4, Algebra, geometry, physics, descriptive geometry and plane geometry.

Saturday, June 5, Arithmetic, writing methods and management, civil government, civics.

Sunday, June 6, United States history, algebra, geometry, and general history.

Secret Heart Has Graduation Program

In the presence of hundreds of friends and guests of the school the fourth annual commencement exercises of the Waco Normal school were given at the auditorium of the school last night. The program was an exceptionally interesting one.

The evening's exercises began with a hymn, followed by the graduation exercises, presentation of medals to the graduates. These were Misses Eva Tomlinson of Lett, Mary Arnold of Silverton and Sally Thompson of Waco. To Miss Eva Tomlinson also was presented a post-graduate course scholarship of one year at the University of Kentucky.

After two pages of commendations as graduates, the exercises were closed with a song.
